# TRAINING DELIVERY INFORMATION

## ONLINE LEARNING – LIVE MS TEAMS TRAINING

Cantamessa Smart-Zone (Pty) Ltd offers structured online learning through **live, facilitator-led Microsoft Teams sessions**, allowing learners to participate in training from anywhere while still receiving direct interaction, guidance and support from experienced facilitators.

### Online Learning Includes:

- Live, interactive training sessions presented via **Microsoft Teams**.
- Training facilitated by suitably qualified and experienced facilitators/subject matter experts.
- Access to the applicable **learner guides, workbooks, assessment material and supporting resources electronically**.
- Facilitator-led explanations, discussions, demonstrations and learner activities.
- Opportunities for learners to ask questions and receive guidance during live training sessions.
- Completion of prescribed workbook activities and assessments.
- Facilitator support and guidance relating to assessments and Portfolio of Evidence (POE) requirements, where applicable.
- Electronic submission of assessments and supporting evidence, where permitted.
- Assessment and moderation processes applicable to the programme or qualification.
- Certification following successful completion of all applicable training, assessment, moderation and certification requirements.
- Attendance/participation records maintained for scheduled training sessions.

### Monthly Training Structure

For programmes delivered over an extended period, **live online classes will generally be scheduled for 3–4 consecutive training days during each applicable training month**.

The period between one scheduled training block and the next is an important part of the learning programme and is allocated for learners to:

- Complete prescribed workbook activities;
- Complete formative and/or summative assessments;
- Compile Portfolio of Evidence (POE) requirements, where applicable;
- Complete workplace or practical activities where required;
- Conduct additional reading and self-directed learning;
- Apply the knowledge and skills covered during the training sessions; and
- Prepare outstanding work for submission before the next scheduled training block.

Learners are therefore **not expected to attend facilitator-led classes every working day for the full duration of the qualification**. The overall programme duration includes scheduled facilitated learning as well as the required periods for assessment completion, practical application, self-study and evidence preparation.

### Online Learning Requirements

Learners participating in online training must have:

- A computer or laptop with reliable internet access;
- A functioning webcam, microphone and speakers/headset;
- Access to Microsoft Teams;

- A suitable environment from which to participate in live training;
- The ability to open, complete and submit electronic learning and assessment documents; and
- A valid email address for programme communication and distribution of learning material.

**Use of a computer or laptop is strongly recommended.** Mobile phones are not recommended as the smaller screen size may make it difficult to participate effectively in activities, complete documents and view training material.

All standard online learning material will be supplied electronically. **Printed/hard-copy learning material may be requested at an additional cost**, where available.

## FACE-TO-FACE / CLASSROOM LEARNING

Cantamessa Smart-Zone (Pty) Ltd provides structured, facilitator-led classroom training designed to combine theoretical learning, practical application, learner interaction and assessment support.

### Classroom Training Includes:

- Face-to-face facilitation by suitably qualified facilitators and subject matter experts;
- Structured classroom presentations, discussions and learning activities;
- Applicable learner guides, workbooks and assessment material;
- Practical demonstrations and activities where applicable to the programme;
- Assessment guidance and support;
- Portfolio of Evidence (POE) guidance where applicable;
- Attendance registers and learner evaluation documentation;
- Assessment and moderation in accordance with the applicable programme requirements;
- Access to relevant course resources and supporting documentation;
- Learner support during the programme; and
- Certification following successful completion of all applicable programme, assessment, moderation and certification requirements.

### Monthly Training Structure

For longer programmes and qualifications, **face-to-face classes will generally be presented in blocks of 3–4 consecutive training days during each applicable training month**.

The period between classroom training blocks is intentionally provided to allow learners sufficient time to:

- Complete workbooks and learning activities;
- Complete assessments and assignments;
- Compile and organise Portfolio of Evidence (POE) documentation, where required;
- Complete prescribed practical or workplace activities;
- Apply knowledge and skills within the workplace or practical environment;
- Conduct self-directed learning and revision; and
- Prepare completed assessment evidence for submission and/or review at the next training session.

The dates reflected in the training schedule therefore represent the **formal facilitated contact sessions**. The period between scheduled sessions forms part of the overall programme and allows learners to complete the required assessments, workbooks, practical activities and supporting evidence before progressing to the next training block.

## COURSE FEES MAY INCLUDE

Depending on the specific programme and quotation, course fees may include:

- Professional course facilitation;

- Learner guides and applicable training material;
- Workbooks and assessment instruments;
- Assessment of learner evidence;
- Moderation, where applicable;
- Programme administration;
- Attendance documentation;
- Electronic course resources and templates;
- Assessment and POE support;
- Applicable certification processes following successful completion;
- Training venue for scheduled public classroom courses, where specified; and
- Refreshments and/or catering where specifically included in the quotation.

Any items not included in the standard course fee will be clearly indicated on the applicable quotation.

## IMPORTANT TRAINING SCHEDULE INFORMATION

- Training dates are subject to **minimum learner numbers, facilitator availability and operational requirements**.
- Dates reflected in the training schedule may be amended where circumstances outside the reasonable control of Cantamessa Smart-Zone require a change.
- Where a scheduled date is not suitable, clients are welcome to contact us regarding **alternative or future intake dates**.
- Additional intakes may be scheduled according to demand.
- **In-house training can be arranged for corporate and group bookings**, subject to minimum learner numbers and programme requirements.
- Training can be arranged in other provinces or nationally where sufficient learner numbers justify an in-house intervention.
- Group and corporate booking discounts may be available on request.
- Where permitted by the applicable curriculum or programme requirements, training content may be contextualised to suit the client's workplace or industry without compromising prescribed learning outcomes.
- Course profiles, programme outlines and customised quotations are available on request.
- Learners must meet the applicable **entry requirements** before enrolment into programmes where formal entry requirements apply.
- Certification is subject to successful completion of all required learning, assessment, practical/workplace components, moderation and any applicable external certification processes.
- Qualification and skills programme delivery is subject to the applicable accreditation, curriculum and quality assurance requirements.

## PLEASE NOTE

**The total duration of a programme should not be interpreted as continuous daily classroom attendance.** For programmes scheduled over several weeks or months, facilitated training is divided into structured learning blocks. Learners will normally attend **3–4 consecutive days of facilitated training during each scheduled training month**, with the period before the next training block allocated to workbook completion, assessments, workplace/practical activities, self-study and Portfolio of Evidence preparation.

This structured approach provides learners with sufficient time to **learn, apply, practise and demonstrate competence** before progressing to the next phase of the programme.

# TABLE OF CONTENTS
